(Note of explanation: The following two records were found recorded in books containing records of a period of the late 1890's and first years of 1900. There is no explanation given as to why these two cases were not recorded at the time they took place; nor is a reason given as to why they were being recorded at this late date. To the compiler's knowledge, there are no other cases recorded in the later books; however, we stress that we have not made a page by page search of all the later books.
